

TIGERRS

Transgender, Intersex, Gender-Expansive Revolutionary Resources & Services

TIGERRS is a cooperative nonprofit organization that fills critical gaps in support for transgender, intersex and gender-expansive people in Minnesota. We work to create safe, affirming spaces and resources where we connect, empower, process and grow together on our journeys of liberation.

Our organization is led by transgender and intersex people. We know firsthand that spending a few hours with people who understand and see you can change your life forever. Our goal is to share that experience with as many Minnesotans as we can.

HOW YOU CAN HELP

Partner: Solidarity with groups that work towards the liberation of oppressed people is important to us. We're stronger together—hit us up!

Donate: We've done a lot with a little, but we need your help to expand our services. TIGERRS is a 501(c)3 thanks to Family Tree Clinic so your donations are tax-deductible.

Volunteer: We need people power! Sign up to work with TIGERRS at events, in our programs, or on our committees to help us build a place where all transgender, intersex and gender-expansive people can thrive.

Connect: Stay connected with TIGERRS—sign up for our newsletter and follow us on social media. Scan the QR code for every link you'll ever need!

what we're up to 

Teen TIGERRS: a weekly social gathering where teens (ages 13-19) hang out, play games, take trips to cool places, make beautiful art and access resources (if they need them). Teens plan their own activities and adult trans and/or intersex facilitators make them happen.

Little TIGERRS: a monthly playgroup where gender-creative kids 12 and under (and their families) connect in a gender-affirming space to share fun and resources. Kids come up with ideas and our adult trans and/or intersex facilitators bring those dreams to life.

Intersex Services: We are developing an intersex competency training for healthcare providers in collaboration with intersex community members and medical professionals. We are also building intersex/trans solidarity via education and outreach. All intersex people are and will always be welcome at all of our programs and events.

Intergenerational Events: TIGERRS takes over roller rinks, bowling alleys, beaches, parks and more! We create and facilitate spaces where transgender, intersex and gender-expansive people of all ages can be uplifted and affirmed. We build relationships, reconnect with old friends and make new ones. Allies, friends and family are welcome!

We are the people we serve. We're here to build solidarity, love and strength in our communities.
